Hi Tom,

I'm on the 404 attys call but can hop off if you are able to talk now. I've read through the memo but have a few follow-up Qs myself, but maybe it will help if we talk through your Qs together. Matt and I have a 2 pm meeting, but I can be free between now and 2. Thanks!

Thanks Kavita, this is very helpful. I'm still reading through it and have some basic questions. I'm not sure how familiar you are with the details of the document, but if you are, do you have any time before 2:30 to talk?

Hi Tom,

For what it's worth, here is some preliminary research on NHPA obligations that we recently received from an ORC intern. Thanks!

I just included you as "optional" attendees on a call I've scheduled today at 2:30 with the R8 WDD (Darcy O'Connor) to hear about her experience with NHPA. Per the email traffic below, Jeaneanne put me in touch with her. Tom

Thanks so much Darcy, I will send you a meeting invitation for a call at 2:30pmEST (12:30 your time). I may be joined by 1 or 2 others on my team. Also, I'll send the invitation for 30 minutes, but if you don't have that much time we can limit it to 15 minutes. Tom

Hi Thomas! Could you do noon your time (10 mine)? I could also do 2:30 your time. Let me know.

Thanks!

D

Good morning Darcy! Are you available to talk sometime today, even if briefly? I am happy to send you an invitation for 15-30 minutes, or if you'd like me to work with your staff to schedule a time, please let me know who I should contact. Thank you, Tom

Subject: NHPA consultation

Darcy,

Thanks so much. I am going to have Tom McGill and/or Rosemary Calli reach out to you. We are in the process of working with FL as the seek to assume the 404 program and consultation on NHPA has come up. We are still trying to sort exactly what that means for our purposes (because it is a programmatic consultation) but believe it would be

helpful to understand how you have consulted on individual matters. I have copied Tom and Rosemary on this message.

Again, thanks for your willingness to assist.

Jeaneanne

Sorry to get back to you so late – crazy day! Why don't you have them reach out to me first so I can better understand the questions. Then I can put them in touch with the right folks – might be our Tribal Advisor, or NHPA person in ORC, or staff that is working on the project I mentioned below. My contact info is right below.

Thanks!

We may need to talk with you to understand process. Is there someone on your staff I could have my BC contact?

Thanks for sharing today Jeaneanne – your outbrief was really helpful.

We have done NHPA consultations – we have a very controversial uranium ISR project in the Black Hills of South Dakota and we've done (and continue to do) consultation on this project. While it's not on tribal land, this is a sacred area where many tribes have historically traveled through moving between summer and winter camps. Tribes have extensive concerns with the project in general, and specifically on how burial and sacred sites that may be found during work on the site will be handled. Let me know if you'd like to have a call on our processes.

Thanks!

Darcy,

Sure I will cover that. I hope you are doing well too. I actually had a question for you – have you ever consulted with the tribes on the national historic preservation act?

Hi Jeaneanne, hope you are well! I'd love to hear how things are going in phase 1 with your region, if you're interested in sharing during the round robin.

Thanks!
D
